

No 11. Daesh/Brainwashed Criminals

These types of beings are the type to think that they've lost all hope for this world now that they know that Seitei is an evil, arrogant god with a superiority complex but because of their tainted, corrupted mindset, they cant comprehend the amount of feelings about this information within their body, due to this: They become even more obedient to seitei, causing them to have an insane religious fanatic and become hyperreligious which turns their brains totally black. They think that to truly satisfy Seitei, they have to continuously murder until there is nothing left and they reproduce with other species just to kill more due to now knowing that their god is evil and violent. They create various violent extremist groups around the world and are raging imperialists. They colonize countries and demolish their places without even thinking about the lives of all of the innocent people and this is all in the name of Seitei. They're a leaderless group, often telling themselves that Seitei is their true Leader. They usually come in packs whenever they colonize places and whenever they're in battle. They all use different types of magic, even using divine magic (Celestial Magic/Purgatorial Magic) to commit sin. There are many raid places lead by them and they coordinate their next bombing but they always come in random. They're an extremist imperialist society so their true, unrelenting goal is to take over the entire world and extinguish the ones who defy Seitei to create a world of only the ones who solely base their lives around their god. Creating an extremist religious earth, ruled only over powerful people whilst the rest slave off and die. The low life and slaves will blindly follow their leaders, thinking that theyre doing an incredibly huge favour for seitei, fueling their motivation. Senior commanders, special shock troops, victory parade participants, and suicide bombers frequently wear black tunics, vests, and head wraps or balaclavas. (i am so sorry for adding this into the game jannie☹☹)
